Dear Families Interested in 4-H:

Congratulations on making the decision to involve your children or grandchildren in the 4-H Youth Development Program in Missoula County. Enclosed, please find a list of 4-H Clubs to contact. Feel free to call the leaders listed and ask them all of your questions. If you are not satisfied with the clubs available to you, please contact Campbell Barrett at the Extension Office to learn how to form your own 4-H Club or Cloverbud group. The minimum age for 4-H is nine. For Cloverbuds, the age is six.

The new 4-H year officially begins on October 1st. Many clubs begin their new year start-up activities at the September meeting, so the sooner you identify a 4-H Club for your children to join, the easier the start-up process will be.

Once you have selected a 4-H Club to join, remember that 4-H is a family affair. Parents and youth are expected to be actively involved by attending club meetings and project meetings, participating in community service activities, helping with fundraisers, and helping with the Club's shift at the 4-H Café during the week of the Fair.

There are minimal enrollment fees for 4-H. The price is \$7.00 for the first project and \$5.00 for each additional project. In addition, some clubs charge an annual fee to cover postage for a newsletter. The enrollment fee for Cloverbuds is \$1.00. All fees and enrollment forms are handled by the organizational leaders of the 4-H Club your child joins.

Please visit our 4-H website at <http://missoulaeduplace.org/4H.shtml> for more information. Feel free to contact me at any time regarding questions about 4-H.

Sincerely,

Colleen Terrazas
4-H Administrative Coordinator
